SCHEDULE 10 TO THE DEVELOPMENT PLAN OVERLAY

Shown on the planning scheme map as DPO10

1.0 Requirements for development plan

- The subdivision concept for the land including the location of industrial, business or other proposed uses, and public open space.

- The staging of development.

- The relationship of the land to existing or proposed uses on adjoining or nearby land.

- Arrangements for vehicle access to the development including the road layout and construction standards, and traffic management. Such arrangements shall include the construction of a connection to Exchange Drive to the north, the interface with Kooweerup Road and provision for a controlled intersection at the intersection of Kooweerup Road and Greenhills Road (including any necessary road widening).

- The provision of utility services infrastructure required for the development of the land.

- A stormwater management plan including provision for outfall drainage from the area. The stormwater management plan must incorporate measures to reduce input of sediment and pollutants into waters downstream of the site to the satisfaction of the Department of Sustainability and Environment and Melbourne Water.

- Urban design guidelines for the development including streetscape, building design (setbacks, height and materials), vehicle access and carparking, loading and storage areas, pedestrian movements, community safety and graffiti control.

- Vegetation and landscaping guidelines including weed control and replanting where appropriate using locally indigenous plants and trees.

- Guidelines for environmental sustainability including stormwater management, water efficiency and energy efficiency.

- An environmental management plan for the construction phase of the development including the control of waste and windblown rubbish, dust, noise and sediment pollution.
