SCHEDULE TO THE LAND SUBJECT TO INUNDATION OVERLAY

Shown on the planning scheme map as LSIO.

1.0

Permit requirements

A permit is not required to construct or carry out:

- A dwelling and extensions to an existing dwelling (including outbuildings and fencing) on a lot of 1500 square metres or less in a Residential 1 Zone, Urban Growth Zone, Comprehensive Development Zone, General Residential Zone, Neighbourhood Residential Zone or Residential Growth Zone shown on a plan of subdivision registered after 17 March 2005.

- An extension to an existing dwelling, provided the proposed floor level is at or above the existing floor level.

- Works ancillary to an existing dwelling, including landscaping, a pergola, driveway, verandah, barbeque and water tank.

- An open building with no walls.

- An open-style fence.

- A tennis court at natural surface level with curtain fencing.

- A below-ground swimming pool.

- Earthworks for the purpose of constructing a swimming pool or spa and associated mechanical and safety equipment if associated with an existing dwelling on the same lot.”

- A non-habitable building or extension to a non-habitable building, with concrete floors, provided the floor levels are at least 300 mm above the flood level.

- A non-habitable building or extension to a non-habitable building, with dirt floors, provided the floor levels are at least 150 mm above the flood level.

- A footpath, bicycle path or elevated boardwalk, provided it is at least 300 mm above the flood level.

- A radio mast.

- An advertising sign on a post or attached to a building.

- An upper storey extension or alteration to an existing building.

- A replacement fence of the same material as the existing fence.

- An aviary or other enclosure for domestic animals.

- An agricultural or farm building with permanent openings on all sides such as a hay shed, stockyards or covered horse stables.

- Earthworks associated with the construction of a dam, provided no fill is imported to the site and no embankment is above ground level.

- A picnic shelter.

Application requirements

An application to construct a building or construct or carry out works must be accompanied by four sets of plans drawn to scale which show:

- The boundaries and dimensions of the site.

- Relevant ground levels, to Australian Height Datum, taken by a licensed surveyor.

- The layout of existing and proposed buildings and works.
• Floor levels of any existing and proposed buildings, to Australian Height Datum, taken by a licensed surveyor.

Referral of applications

An application to construct a building or construct or carry out works or an application to amend a permit does not have to be referred to the floodplain management authority if the application:

• Is accompanied by the relevant floodplain management authority's written approval. The written approval must:
  - Be granted not more than three months prior to lodging with the responsible authority.
  - Quote the reference number of the approved plans.
  - State the applicable flood level and any required floor levels.

• Is in accordance with an adopted local floodplain development plan.

• Complies with a building envelope, filling levels and floor levels specified by Melbourne Water in the previous six months.
