- Ochiltrees Court subdivision, Romsey.
- Tranter Close, Riddells Creek.
- Crooked Road/Boundary Road, Romsey.

1.0  

Design objectives

To ensure that the location and design of buildings and works creates an attractive low-density residential environment.

To ensure that development occurs within an approved building envelope.

To ensure that any development has regard to the existing character of the areas. The character of the areas is one of low-density residential living with attractive rural outlooks of bushland and rolling hills.

2.0  

Buildings and works

Permit requirements

A permit is not required to construct a building or construct or carry out any works if the following requirements are met:

- Any building must be located within an approved building envelope.

3.0  

Subdivision

None specified.

4.0  

Signs

None specified.

5.0  

Application requirements

Any application for a permit must be accompanied by:

- A site plan showing existing and proposed buildings and works with overall dimensions, setbacks, easements, septic tank effluent field (if reticulated sewerage not available) and access ways clearly marked.

- Elevations of all aspects of the proposed buildings.
- An explanation of the reasons if any development is to occur outside the designated building envelope.

**Decision guidelines**

Before deciding on an application, the responsible authority must consider:

- The size and location of the proposed buildings and works and their proximity to adjoining dwellings.
- Whether the location of proposed buildings and works will minimise the need for the removal of native vegetation.
- The need for planting of vegetation so as to provide a visual screen between the development and adjoining land, or to enhance the existing vegetation.
- Whether the siting, height and design of proposed buildings will be in keeping with the character and appearance of the area.
