Decision guidelines

Before deciding on any application, the Responsible Authority must consider:

- The approved development plan.
- Whether the proposal will contribute to the integrated development of the area.
- The degree of slope of the land.
- Whether any part of the land is liable to flood.
- The prevention of erosion.
- The protection from bush fires.
- The protection of the drainage function.
- The methods of waste disposal.
- The effect upon the quantity and quality of water for human consumption.
- The preservation of the natural environment and the character and the need for the proposed development to harmonise with the surrounding environment.
- Any comments from the relevant statutory authorities including the Department of Sustainability and Environment and the Environment Protection Authority.
- Whether the proposal will enable the efficient staging of development and extension of reticulated services.
