Summary of contributions

Notes: This schedule sets out a summary of the costs and contributions prescribed in the Romsey Development Contributions Plan, July 2012. Refer to the incorporated Romsey Development Contributions Plan for full details.

Residential developments are subject to all levies below. Where new residential subdivisions are proposed, levies will be collected as a condition of permit for subdivision.

Non-residential developments are exempt from charges relating to open space and open space land projects. The “Area” in the first column of the Table is the Charge Area as shown on the Charge Areas Plan following the Tables.

Definitions: For the purposes of this Development Contributions Plan, “Residential” includes those uses nested in the land use term of Accommodation; “Industry” includes those uses nested in the land use terms of Industry or Warehouse and “Business” includes those uses nested in the land use terms of Retail premises, Office, Leisure and recreation, Education centre or Place of assembly as shown in the nesting diagrams at Clause 75 of the Macedon Ranges Planning Scheme.

The following levies are those calculated in the Romsey Development Contributions Plan, July 2012. The actual amounts to be charged will be adjusted on July 1 each year (commencing on July 1 2012) to allow for the rise or fall in prices by applying the following indexing:

i. The responsible authority will adjust the cost of capital works items included in the Development Contributions Plan at 1 July each year by applying the Building Price Index, June Quarter, Melbourne, in Rawlinsons Australian Construction Handbook; and

ii. The responsible authority will adjust land acquisition values (open space land) included in the Development Contributions Plan, from 1 July each year, based on either the rise or fall of the relevant value as determined by the average of two registered valuations of the land involved, one of which is to be provided by the Victorian Valuer General.
### Levies payable for residential development
